

## SWEEPING VICTORY OF DEMOCRATS IN MAINE ASTONISHES NATION

### Old Republican Stronghold, Home of Blaine and Reed, Experiences a Complete Landslide

#### FORERUNNER OF WHAT WILL OCCUR OVER COUNTRY

#### Legislature Democratic and New United States Senator Will be Elected—Three Republican Congressmen Defeated—Victory Emphatic and Decisive.

Portland, Me., Sept. 13.—High prices, control of the Republican party by the trusts, Camionism and the fact that the people are tired of misrule all contributed to the Democratic victory in Maine. Governor-elect Plaisted thus summarizes the opinions of all the Democratic leaders today.

At 11 o'clock it was generally conceded that recounts will be necessary to determine the next congressman from the two disputed districts. Plaisted claims his official plurality will exceed 9,000.

One probable result of the election is the resubmission of the state prohibition law.

#### PRESIDENT MAY NOT RUN FOR RE-ELECTION

Beverly, Mass., Sept. 13.—There was no statement given out here today. The Maine result was a decided shock and this fact was poorly concealed. Although no intimation of any sort came from the President or his officers today, the idea has been adopted by general consent that President Taft will not run for re-election. Although administration supporters deny there is a breach between Roosevelt and Taft, they are now crediting Roosevelt with an uncanny gift of foresightedness and are privately declaring that he is figuring on an appeal being made soon for a party saviour for the Republicans.

The political generals are now watching Ohio and New York and their best efforts will be put forth to help the party in these states.

Portland, Maine, Sept. 13.—Twenty-seven years of allegiance to the Republican party failed to avert that political landslide which yesterday descended on the state of Maine, placed a Democratic governor in the statehouse, sent three Democrats to congress out of a delegation of four, and gave control of the state legislature to the Democrats, thus insuring the election of a Democrat to succeed United States Senator Hale, whose term expires next March.

In the face of the sweeping Democratic victory the Republican leaders were overwhelmed with surprise, and the magnitude of the success astonished even the most sanguine of Democrats.

It was the first beating the Republicans of Maine—the state of Blaine and Reed—had had in 35 years, and by a coincidence, Harris M. Plaisted, father of the present successful candidate, was Maine's last Democratic governor in 1881.

Asher C. Hinds of Portland, parliamentary clerk of the house of representatives, was defeated for congress in the First district, while Congressman Burleigh in the Third district and Congressman Swasey in the Second, also went down to defeat.

Colonel Plaisted, governor-elect, goes up to the capital with a plurality larger than that given two years ago to his defeated Republican opponent, Governor Bert M. Fernald, of Portland.

Colonel Plaisted was born in Bangor in 1867. He ran for mayor of Augusta five times, and won four elections. The Republican leaders, as a rule, were at a loss last night to account for their overwhelming defeat. The weather was perfect, and they offered no excuse on that line.

The issues were well understood, and most of the speakers had confined themselves to state matters, scarcely mentioning national affairs.

Governor Fernald's administration was defended stoutly against Democratic criticism of extravagance, and most of the voters were given an opportunity to see and to hear the candidates, while a few out of the state speakers including Congressman McKinley of California, came here to help Republicans.

Close political observers, however, easily heard mutterings not loud, but deep. The so-called "old guard" had to

stand a lot of party criticism, and even the leaders were out of harmony with a new element, which had begun to manifest itself, especially in the western part of the state.

It was hoped among the backers of the administration of Governor Fernald that this unrest would subside, and much dependence was placed on the old time loyalty of the farming vote in the back counties.

But insurgency was in the air. The rural voter had been absorbing ideas out of the state as well as in it, and this was manifested in the Third district, where Congressman Burleigh, with an 18 years' record at Washington, found himself defeated by his old-time opponent, Samuel W. Gould of Newhagen.

In the first district Asher C. Hinds, whose talents as a parliamentarian were discovered years ago by Thomas B. Reed, and who has sat behind half a dozen speakers, including Joseph C. Cannon, was given a hard fight by former Sheriff William M. Fennell, and late last night the latter's election was conceded by Boyd, Republican state chairman.

Returns from 578 out of 628 election districts gave Fernald, Rep., 63,540; Plaisted, Dem., 72,436. The corresponding vote in 1906 was: Cobb, Rep., 68,602; Davis, Dem., 60,721.

In 1906 the Republicans polled 62,215 votes for Cobb, against 61,477 for his Democratic opponent, and in 1902, a Presidential year, Governor Fernald, who went down to defeat yesterday, received 77,725 votes, a plurality of 7,672 over his Democratic rival.

#### WASHINGTON POLITICIANS Say Maine Election Shows General Drift of the Sentiment.

Washington, Sept. 13.—The result of the Maine election yesterday is construed by politicians in Washington as another indication of the general drift of political sentiment in this country. The Democrats naturally regard it as an omen of the election of a Democratic house of representatives in November and also of successes in various states where, heretofore the Republicans have usually been victorious. Republicans were very solemn when they heard the return, while Democrats were correspondingly jubilant.

The outcome of the Maine election started Republicans to wondering whether Ohio would go Democratic, as many of them have been fearing for some time; also, whether there is any hope of carrying New York and Indiana, as well as New Jersey and other states which have been going Republican with great regularity.

Following the big slump in the Vermont vote last week and the election of Democrats in the Fourteenth Massachusetts congressional district and in the Rochester, N. Y., district at special elections last spring, even the most sanguine Republicans are beginning to lose hope.

#### FEDERAL USURPATION One of the Great Reasons Given By Parker for the Maine Result.

New York, Sept. 13.—When Judge Alton B. Parker, who ran against Theodore Roosevelt in 1904, was informed of the result in Maine, where he recently made three speeches, he said:

"The Democratic party in Maine made its state contest on the ground that the Republican party had been wasteful and extravagant. Its leaders and its press presented no new issues and made no demagogic appeals, but pleaded simply for the abolition of dictatorial and corrupt bosses and for an honest, economical and just administration of the affairs of the state."

"The battle for representatives in congress was grounded upon the reckless extravagance of the federal government, its attempt to seize by usurpation the home rule powers of the states and the failure of the Republican party to keep its pledges to the people to relieve them of the burden imposed by exorbitant tariffs."

"The Democratic party of Maine placed itself in a situation successfully to make these appeals by the nomination of candidates whose

characters and reputations constituted a guarantee that the pledges made would be fulfilled. The Democratic party, in other words, deserved to win, and the country is to be congratulated that it has won."

#### CHAIRMAN MACK Says It Means Sweeping Victory from Coast to Coast.

New York, Sept. 13.—Norman E. Mack of Buffalo, chairman of the Democratic national committee, when he heard the returns from Maine last night, said:

"All I can say now is that the expressions of sentiment which have been coming in to us from all over the country indicated the possibility of such a result. But, of course, it is almost too good to be true."

"What does it indicate? You know you don't need to ask me that—it indicates a sweeping Democratic victory from coast to coast."

"Chairman Lloyd of the congressional campaign committee, was talking with me in Buffalo only last week after returning from the Pacific coast, and he told me then that the sentiment he found out there was the same which victoriously manifested itself last night in Maine."

#### DEMOCRATS WILL CONTROL Arizona Constitutional Convention. Means Referendum and Recall.

Phoenix, Ariz., Sept. 13.—Unofficial figures available at 10 o'clock last night indicated that the Democrats are certain of a majority of the 52 delegates in the constitutional convention.

The Democrats appealed to the voters on the ground that the initiative referendum and recall should be incorporated in the constitution.

The Republicans declared against these provisions on the ground they asserted that President Taft and congress might reject them as radical and cause the postponement of statehood.

## BROTHER IS KILLED IN A TRAIN WRECK

Mr. Grant Sudbury of 66 East Main street, received a telegram from R. C. Morrison, formerly of Newark, now superintendent of the Louisville and Nashville railroad, notifying him that his brother, Engineer J. D. Sudbury, had been crushed to death in a wreck, in which passenger train No. 24 had been derailed by a defective switch, near Williamsburg, Ky. The fireman, John E. Branch, was so severely scalded that he died. Both made their home in Knoxville. None of the passengers on the train was hurt.

The sad news of the death of Mr. Sudbury was received here with crushing effect by his brother, Grant Sudbury, and his two sisters, Georgia and Maude Sudbury, all of whom live at 66 East Main street.

The deceased was a well known Newark man, having lived here the greater part of his life. For many years he was employed as engineer on the Baltimore and Ohio railway, but for the past eight years he had been running an engine on the L. and N. R. with headquarters in Knoxville, where he lived with his wife and one son, Clarence, who is engaged in the real estate business. For some time past he is said to have had the best passenger run on the road Sunday night at midnight he went out as usual with his train, and at 1:45 o'clock he was a corpse. He was a member of the Knights of Pythias. About ten days ago he made a short visit in Newark with his old time friend, Baney Riley.

The remains will be brought to Columbus Wednesday and will be buried in one of the cemeteries there. At this time Mrs. Sudbury is lying sick in a sanitarium in Knoxville, Tenn.

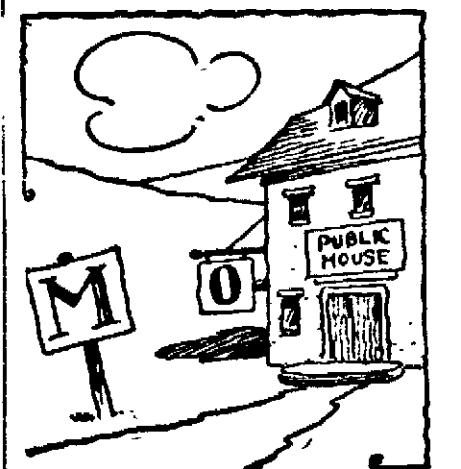

## FATHER KILLED

#### While Keeping Last Watch Over the Body of His Daughter—Brothers Are Suspected.

Wilkesbarre, Pa., Sept. 13.—While keeping the last watch over the body of his daughter, John Walker was shot through the heart last night at his home in Edwardsville. His brother George was arrested and the police are looking for another brother. The police had been notified that a fight had taken place at the house and found the body when they went to investigate.

Walker had quarreled with his brothers and ordered them from the house.

## SENATOR LORIMER FACES CHARGES BEFORE SENATE COMMITTEE

The United States senate committee appointed to investigate the charges against Senator William Lorimer is scheduled to meet in Chicago within a few days. Senator Burrows, chairman of the committee, had asked the other members of the investigating committee to be present Sept. 10, but it is likely that several days will elapse before the taking of testimony will actually commence. The other members of the committee

are: Senators Dillingham of Vermont, Gamble of South Dakota, Heyburn of Idaho, Frazier of Tennessee, Paynter of Kentucky and Johnson of Alabama. The junior senator from Illinois is accused of having bribed members of the state legislature to vote for him for United States senator, and the senate committee will probe these accusations and report at the next session of congress.

## MAY LOCATE ENGINE WORKS HERE EMPLOYING 2,000 MEN

According to a rumor on the streets a large engine works may soon locate in Newark and the new plant will give employment to 1800 or 2000 men, skilled mechanics. The rumor, which is neither denied nor affirmed by the B. & O. officials, says the plant will locate east of the city and may

operate in connection with the B. & O. railroad. The plant will be erected at a cost of \$2,000,000 and will be one of the most valuable industries that the city could have. The company has had men here surveying the ground east of Newark and making blue prints of it and something definite in the matter may be learned in a short time.

## VIGILANCE OF SHERIFF PREVENTED AN ATTEMPTED JAIL DELIVERY TODAY

Sometime during the early hours of Tuesday morning a daring attempt was made to effect a jail delivery at the county jail, where a large number of prisoners, charged with first degree murder and robbing, are confined. The attempt, however, was made on the second floor where only rioters and others charged with minor offenses are confined, but fortunately the plot was discovered by Sheriff Frank S. Laugh and his ever vigilant assistants, and was frustrated.

From what can be learned it appears that at 2 o'clock Tuesday morning a automobile containing several men drove up near the jail. When the men got out of the machine and began working over it as though something was out of order, the jailer came out on a tour of inspection, and was continued for over an hour.

During all this time there was a heavy down-pour of rain which made conditions extremely unfavorable for those who might desire to engage in an enterprise of this kind, and it is the opinion of the officials that the attempt to break out of the jail was made at this time. The clanging of the auto awakened Sheriff Laugh, who thought that something out of the ordinary was going on and he hurriedly attired him-

self and summoning the assistance of several of the deputies at the jail began a systematic search. When the search led to the second floor of the jail, the men found one of the prisoners who had been awarded a bounty of \$100,000, but had been caught and was being held in the jail. The men had been in the jail for some time and had been working on the floor above the one where the prisoners are confined, and they had only a few minutes to make their escape.

The search led to the fact that a man named John J. Smith, who was a well known criminal, was one of the men who were not caught and were not seen since that time. The opportunity to make their escape.

## C. H. TITUS RECEIVES PROMOTION

Mr. C. H. Titus, who has occupied the position of train dispatcher at this point for some time, has been appointed to the responsible position of assistant train master of the Baltimore and Ohio railroad to succeed F. A. McDonald, deceased. Mr. Titus is a young man eminently well qualified for the position to which he has been called, and he is receiving the congratulations of all his friends. During the time he filled the position of dispatcher he performed the duties with credit to himself and satisfaction to his superiors. He is a married man, being possessed of a most excellent wife and one child.

## ISSUE WARRANTS FOR PACKERS

Chicago, Sept. 13.—Judge Landis today issued mittimus for the arrest of two of the leading packers of the country. This brings the head of the companies forming the National Packing company face to face with a jail sentence. The packers are expected to appear voluntarily and give bond for their appearance.

Bail will probably fixed at \$10,000 each. The result of this action means the greatest legal battle in the history of trust cases. The corporation lawyers will now have to extend their energies to keep their employers out of jail. More packers are expected to be drawn into the net as the grand jury is still at work. As the present indictments stand each defendant faces a possible sentence of seven years in the penitentiary or a fine of \$35,000 or both.

## MARSHALL SCORED BY GOVERNOR

### Refuses Columbus Mayor's Request for Special Legislative Session

#### INEFFICIENCY CHARGED

#### By Governor Harmon Who Says Letter Comes With Ill Grace From Incompetent Official.

Columbus, Sept. 13.—Playing Mayor George S. Marshall for his failure to enforce the law against rioting, and declaring that deliberate efforts were being made to drag the Columbus street car strike into politics, Governor Judson Harmon last night flatly refused to summon a special session of the general assembly to enact a compulsory arbitration law.

In one savage sentence the governor declared that the mayor was seeking to make up by fertility in recommending new laws for the lack of efficiency in the enforcement of existing and ample laws with which he was charged by the public in general.

The governor's statement was prompted by the issuing yesterday of a letter by Mayor Marshall, in which he called upon the chief executive to summon an extraordinary session, first, for the enactment of the compulsory arbitration law; secondly, for a law defining the relations between a public service corporation and its employees; and, lastly, for a statute to prevent the overcapitalization of these companies.

This communication was made public before it reached the executive chambers, and for this reason the governor felt warranted in the assumption that it was designed as a political play and not a sincere effort on behalf of reform.

The governor is aroused thoroughly, and it is intimated that when the campaign is opened he will completely ventilate the underground maneuvering that has been going on in connection with this strike.

Enough is known to predict that the alleged demand for compulsory arbitration is more or less of a sham and that the governor will have as his authority some of the prominent labor leaders of the state.

Mayor Marshall in his letter asserted that he was prompted to make the demand because of the inspiration derived from the address made by ex-President Roosevelt in Goodale Park last Saturday.

This was the governor's reply: Your official letter of today received. Hon. John J. Lentz and Hon. Frank S. Monnett some time ago wrote me similar letters my replies to which were published. I can hardly suppose that these escaped your notice. Certainly, in view of the expense to which the state has already been put to maintain order in Columbus, you are the last who should suggest putting it to the further great expense of a special session.

You assume that I have only to call the legislature and tell them what to do. At both sessions the Republican majority which controlled both branches took special pains to treat my recommendations with little or no respect and sometimes, as in the case of the one directed against lobbyists, with studied discourtesy. Now, with the presiding officer of each house and many of the members candidates at the pending election, you seem to think this majority would come and cut out of my hand, as it were.

Under the circumstances, I certainly would not be justified in calling a special session, even if I were prepared to recommend the various measures you recommend. I am bound in frankness to say that your sending such a letter at this time and promptly giving it to the press suggests a desire to make up by fertility in recommending new laws for the lack of efficiency in enforcing existing laws with which you are charged by the public in general.

JUDSON HARMON, Governor.

Back of the governor's statement is the highly important fact that the present general assembly at its last session refused to enact a compulsory arbitration law.

that is above the ordinary of its kind. Ritter in straight suit and several good songs and a good dancer. Plunkett puts over the comedy but his best feat is his eccentric dance, or the dance of the scarecrow. They are followed by Harry Raeburn, who without a doubt has the most delightful single act ever seen here. He is the possessor of a remarkably good voice, enhanced by his range of tone. Appearing as a wandering tramp, he sings a baritone solo, and appearing as he sees himself in a dream, he sings a childish solo in a clear and sweet soprano voice. His tones are clear and sweet and he takes his higher notes with ease.  
Myrtle and Kraft have a singing and dancing act that is decidedly amusing, their comedy is good and clean and they are rewarded by rounds of applause. They have a special drop showing a street on the Bowery and are seen as two tough kids.  
The headliner is Palmer & Lewis in travesty work. Their first effort is a burlesque on a conversation between a manager of a theatrical troupe and a chorus girl, next follows a travesty on Hamlet, Miss Lewis appearing as Ophelia. The last feature of the act is the barefoot dance of Miss Lewis where she depicts the classical poses to music. A pleasing little Japanese song completes the act.  
This bill continues until Thursday evening, when the program will undergo a complete change.

**AMUSEMENTS**  
**THE ORPHEUM**  
Manager Fenberg of the Orpheum theatre was a happy man Monday afternoon, for after witnessing the matinee at his pretty little Arcade playhouse, he realized that he has one of the best performances ever seen in his cozy little theatre. Monday evening after the performance he stood at the main exit with a smile on his face, receiving the congratulations of his patrons. The attractions this week are beyond a doubt the best that have ever appeared at the Newark Orpheum.  
The program is opened by De Rosa's trained cats and the intelligence shown by these animals in their different stunts is certainly remarkable. The money, though, gets the big hand when, after finishing his dinner, which he eats with knife and fork, he tops it off with a cold bottle, and becoming "soused," rolls over upon the floor in a stupor.  
Frank Walsh, the eccentric comedian, has a long line of goods which pleased his hearers and which, with his big song hits, were the cause of him responding to several encores. Mr. and Mrs. Thornton Friel in their comedy play were a scream and it is so different from the usual run of plays that the audience showed its appreciation by continual applause.  
Mlle. Sidonie, international singer and Spanish dancer, was seen for the first time by a Newark audience on Monday evening. Manager Fenberg secured this charming little lady direct from New York and that she pleased immensely is attested by the fact that many orders have been received for front row seats this evening. Mlle. Sidonie, as the name implies, is a French woman, and has only been in America a little over two years. Her broken language is delightful and her act is dressed with taste, her gown being of the latest Paris creation.  
The big act of the bill, Howard Brothers, is the one that is town talk today. Nothing of the kind has ever been seen here before, and Manager Fenberg is surely lucky that Mr. Murray, lessee of the theatre, consented to book it in Newark. Their flying banjo work is a revelation and every man, woman and child in Newark should witness this most excellent week's bill and they will never regret it.

**NEW CORN CURE A REAL MARVEL**  
Guaranteed and Absolutely Painless.  
A corn cure that is painless and that will really do the work has finally been discovered. Heretofore, the poor sufferer from corns has been pestered with "drawing" salves and plasters that swell the corns, and has had finally to gouge out his corn and inflict upon himself still greater pain. With Hall's Painless Corn Cure all pain ceases on the first application, and then finally the corn comes right off easily and painlessly. You don't have to dig it out and run the risk of drawing blood, making your corns still more sore or getting blood poisoning.  
Hall's Painless Corn Cure is easier to use than any other; it takes a few seconds to apply it. It is guaranteed absolutely in every case. You must be satisfied, or back goes your money.  
HALL'S PAINLESS CORN CURE  
Lasts longer than several packages of any other corn treatment, and you are sure to get rid of corns and bunions. Sold at 25 cents a bottle at

Pour into the prepared plate and bake in a moderate oven for thirty-five minutes.

### HOME ENDORSEMENT

Hundreds of Newark Citizens Can Tell You All About It.

Home endorsement, the public expression of Newark people, should be evidence beyond dispute for every Newark reader. Surely the experience of friends and neighbors, cheerfully given by them, will carry more weight than the utterances of strangers residing in faraway places. Read the following:

P. B. Pritchett, 408 Wilson street, Newark, O., says: "It is worth considerable to any resident in Newark to know about Doan's Kidney Pills. When they cure they do so permanently. I suffered from kidney trouble in 1899 and at that time I used Doan's Kidney Pills. I was pleased to publicly testify to the effect that they cured me and at this time I willingly corroborate my former statement. I have taken Doan's Kidney Pills occasionally since then and they have always benefited me."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

### THEY "LANDED" THEIR QUARRY

Two big policemen, a patrol wagon and a run to the city station were necessary to quell the disturbances of a high school boys' quarrel this evening.

No matter what the heart-aches of the mothers and sisters may be because their dear ones are disgraced, a schoolboys' quarrel has been stopped and justice has been vindicated.

Great system, indeed. Probably if the officers so eager to do their duty had taken the offenders before the principal, he might have found means of punishing them which would have been just as effective as a fella's rod.

As we go to press, the lads were removed from the city prison to the mayor's office, the turnkey refusing to accept them, as they were under 16 years of age.

In the school days of a few years ago, the superintendent usually settled such quarrels with a birch rod.

Many a fellow who goes around with a chip on his shoulder meets a fellow who is chipper.

## STUDENTS ARRIVING AT DENISON

City of Granville Assuming Lively Appearance—Interesting News Items.

Granville, Sept. 13.—Things are beginning to take on new life in Granville and the old town is awakening from that lethargy that has had her in its grasp for the past three months. Students from all parts of the United States are arriving on every car, and the town is rapidly assuming its usual college town aspect when everything is running with a full head of steam. Quite a number of the new boys are coming in and they are being taken in charge by the older boys and made to feel that they are one of them. There is also considerable bustling on the part of some of the fraternity boys to obtain new members and the benefits and beauties of the different fraternities were never more lavishly displayed. Wednesday the books of the college will be open for registration and it is confidently expected that the enrollment will be much larger than it has ever been.

Mr. and Mrs. James Richards of Piqua, O., who have been visiting at the home of T. H. Richards, north of the village, during the past week, left Tuesday morning for Pittsburg, where they will make an extended visit with their son, William, before returning home.

Miss Nellie Thomas of Ironton, O., who has been visiting here for a few days, returned home Tuesday morning.

Mr. and Mrs. C. W. Cummins of Hanover, spent Sunday in Granville, the guests of friends.

Frank James very capably filled the place of carrier on Rural Route No. 2, during the absence of Mr. George Reese.

In connection with the old Granville Female College the catalogues of early forties announce that instrumental music will be taught at \$5 per quarter, which calls to mind an anecdote related by Mr. Bushnell in his history of Granville, as to the first piano brought to Granville. It was intended for the Academy and was bought in New York by the agent soliciting funds for the school. The trustees had not authorized its purchase, and it came before the new building was finished. Some of the trustees prevailed upon Mr. Horace Hamlin to give it to the school. He was also requested to give piano lessons. Mr. Hamlin's reply is said to have been that the extent of his knowledge of the piano was, that he once heard one that was being played as he passed a house in Boston. Mr. Hamlin was at that time, giving voice lessons in Lancaster. There he found a gentleman from whom he could take one piano lesson a week. His instruction book was brought to Granville, and Mr. Hamlin made use of it in giving lessons to eight young ladies. This was the beginning of Granville Conservatory of Music.

Miss Corothie Martin has returned to her home in Chicago Junction, O., after having had a most enjoyable visit with her cousins, the Misses Jennie and Lizzie Futerer.

The campus grounds of Shepardsen and Dennison never looked fresher and prettier than they do just now. The recent rains have had the effect of making a wonderful transformation in the appearance of the college grounds. Where, for the past few weeks, they appeared barren and dead, now all is changed. It is a pretty sight to the hundreds of students who are returning to again take up their duties in the old college.

\* Y. M. C. A. NOTES \*  
\*\*\*\*\*

A big advance in the state work of the Y. M. C. A. has been decided on by the state committee and by a meeting of representative men from all over Ohio. An endowment fund of \$100,000 is to be raised. An executive committee to plan the raising of this fund has been appointed as follows: Richard E. Ackland, Columbus; S. P. Fenn, Cleveland; H. P. Lansdale, Dayton; Thomas E. Elder, Dayton; W. B. Meacham, Cincinnati; W. V. Harrison, Delaware; W. P. Fraser, Newark; Foster Copeland, Columbus; H. V. Chase, Hamilton; B. B. Williams, Mt. Vernon; Wm. Christy, Akron.

A meeting is called for Friday, Sept. 16, at 1 p. m., at state headquarters, Columbus. So many times in the past the very existence of a local branch of the association has hinged on having help from the state committee in the presence and counsel of a state secretary that it is very important that the central body be strengthened. Recently the Mansfield and Bowling Green associations have been kept from disaster by the inspiring presence of a representative of the state force.

**Don't Break Down.**  
Severe strains on the vital organs, like strains on machinery, cause break-downs. You can't over-tax stomach, liver, kidneys, bowels or nerves without serious danger to yourself. If you are weak or run-down, or under strain of any kind, take Electric Bitters, the matchless tonic medicine. Mrs. J. E. Van de Sande, of Kikkland, Ill., writes: "That I did not break down, while enduring a most severe strain for three months, is due wholly to Electric Bitters." Use them and enjoy health and strength. Satisfaction positively guaranteed. 50c. at F. D. Hall's.

## ENTERTAINED AT MUSHROOM DINNER

Henry Cochran, he of the sage brush smile, who follows journalism for a living and farming for pleasure, entertained a number of friends at a mushroom dinner at the Seiler Hotel Monday. The luncheon was gathered by the energetic Henry on his own soil west of the city. He vouched for the freshness from poison and in order to assure his guests that they might partake of his feast without any scruples, ate a dozen and a half in advance. Mr. Cochran gathered seven bushels of the delicious fall growth and stated that he has eyes on at least a dozen more bushels, all of which he will can and dry and that he will be only too glad to furnish his friends with this delightful table delicacy when the weather becomes cold when they will be relished all the more. Mr. Cochran's guests all voted him a royal entertainer and as one of them remarked, it's too bad he isn't married.

## The Tenderfoot Farmer

It was one of these experimental farmers, who put green spectacles on his cow and fed her shavings. His theory was that it didn't matter what the cow ate so long as she was fed. The questions of digestion and nourishment had not entered into his calculations. It's only a "tenderfoot" farmer that would try such an experiment with a cow. But many a farmer feeds himself regardless of digestion and nutrition. He might almost as well eat shavings for all the good he gets out of his food. The result is that the stomach grows "weak" the action of the organs of digestion and nutrition are impaired and the man suffers the miseries of dyspepsia and the agonies of nervousness. To strengthen the stomach, restore the activity of the organs of digestion and nutrition and brace up the nerves, use Dr. Pierce's Golden Medical Discovery. It is an unfailing remedy, and has the confidence of physicians as well as the praise of thousands healed by its use. In the strictest sense "Golden Medical Discovery" is a temperance medicine. It contains neither narcotics nor poisons, and is as free from alcohol as from opium, cocaine and other dangerous drugs. All ingredients printed on its outside wrapper. Don't let a dealer deceive you for his own profit. There is no medicine for stomach, liver and blood "just as good" as "Golden Medical Discovery."

**PROFIT BY OTHERS' EXPERIENCE**

**Gray Hair Restored**

My hair was getting quite gray and falling out rapidly and I was troubled with a terrible itching of the scalp. My head was full of dandruff, which fell upon my clothes and kept me continually brushing it off. While on a visit to Rochester I heard of your Sage and Sulphur for the hair. I got a bottle and used it. A few applications relieved the itching, my hair stopped falling out and gradually came back to its natural color. It is now a nice dark brown color, soft, glossy and pliable. Several of my friends want to use it, and I want to know what you will charge me for six bottles of it. MISS E. A. ROSS, Sharon, Mercer Co., Pa.

**Grew Hair on a Bald Head**

For two or three years my hair had been falling out and getting quite thin until the top of my head was entirely bald. About four months ago I commenced using Sage and Sulphur. The first bottle seemed to do some good and I kept using it regularly until now I have used four bottles. The whole top of my head is fairly covered and keeps coming in thicker. I shall keep on using it a while longer, as I notice a constant improvement. STEPHEN BACON, Rochester, N. Y.

# WILL BUILD NEW TRACKS

In order that they may handle their freight with greater facility, the B & O railroad is planning to build a hump track in their yards east of the city. The hump will be built near the children's home and work on it may soon commence.  
Eight tracks will be built on the downward slope of the hump and these tracks will be used for classifying the freight so that it can be handled with great rapidity. The added cars will be pushed to the top of the hump and then switched on as track they are to be deposited on and by their own momentum will run to the point where they are to be placed.

# NOVEL MASSAGE CREAM.

**Perfect Skin Food That Removes Wrinkles and Clears Complexion.**  
The most delicate skin will quickly respond to the soothing and tonic effects of Hokara, and when this pure skin food is used, pimples are soon a thing of the past.

# SAW COX FIRST.

Right after the Columbus convention the following dispatch was published in a number of Ohio papers:  
Cincinnati, O., Aug. 2.—Warren G. Harding had a conference with Boss Cox here last night. Harding claims the meeting had no political significance, as he was here on business for his paper and called to thank Cox for his support in the convention. He refused to discuss the Cox-Burton rumpus.  
There is more catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to 100. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address, F. J. CHENEY & Co., Toledo, Ohio.

# NO HEARTBURN DYSPEPSIA OR SICK STOMACH

The question as to how long you are going to continue a sufferer from indigestion, dyspepsia or out-of-order stomach is merely a matter of how soon you begin taking some Diapiesin.  
If your stomach is lacking in digestive power, why not help the stomach do its work with digestive drugs, but a re-employment of digestive agents, such as are naturally at work in the stomach.  
People with weak stomachs should take a little Diapiesin occasionally and there will be no more indigestion, no feeling of a lump of lead in the stomach, no heartburn, sour risings, gas on stomach or belching of undigested food, headaches, dizziness or sick stomach, and, besides, what you eat will be so ferment and poison your breath with nauseous odors. All these symptoms resulting from a sour out-of-order stomach and dyspepsia are generally relieved in five minutes after taking a little Diapiesin.  
Go to your druggist and get a recent case of Diapiesin now, and you will also get the table with a hearty appetite, and what you eat will taste good, because your stomach and intestines will be clean and fresh, and you will know there are not going to be any more bad nights and miserable days for you. They freshen you and make you feel like life is worth living.

# OBITUARY

**WESLEY DRUMM.**  
Wesley Drumm, a well known resident of this city, died at his home, 220 Indiana street, at 11 o'clock Monday night, after a lingering illness of lung trouble, aged about 55 years. Mr. Drumm was a former well known farmer, residing a few years north of the city, but about a year ago gave up farming and removed to Newark on account of his health. He is survived by a wife and 14 children. This is the first death that has occurred in the family. The funeral services will be held at the Brushy Fork church on Thursday morning at 11 o'clock and the interment will be made in the Brushy Fork cemetery.

**MRS. ROY GOLDSBERRY.**  
Mrs. Roy Goldsberry, 24 years of age, died at her home, 255 Thirteenth street, Tuesday morning at 6:30 o'clock. The deceased is survived by her parents and her husband and three children, the youngest being but a day old. The funeral will be held at the Brushy Fork church on Thursday morning at 11 o'clock and the interment will be made in the Brushy Fork cemetery.

**DEATH OF INFANT CHILD.**  
The infant child of Mr. and Mrs. Lee Bevard died at the home of the parents on King avenue, about 3:30 o'clock Tuesday morning. The burial will be made in the Wilson cemetery north of the city, on Wednesday morning.

**FUNERAL OF EDWARD THOMAS.**  
The funeral of the late Edward Thomas, son of James F. Thomas, who died suddenly at Longport, near Atlantic City, at an early hour Sunday morning, was held Tuesday afternoon at 3 o'clock, from the late residence of the deceased, 116 North Fifth street, and was attended by a large concourse of friends and relatives. The service was conducted by the Rev. L. P. Franklin, rector of Trinity Episcopal church, and were of a very impressive nature. The pall bearers were: Messrs. William Neel, Fred Wright, Richard Collins, George E. Sprague, Henry O. Norris and William A. Sprague. The burial was private.

The passing of Mr. Thomas will be deeply grieved by all who knew him, removing as it does, an honest, upright man and a true citizen, one who always had the best interests of the city at heart. The sympathy of the entire community goes out to the bereaved members of the family, especially to the widow and the aged father and mother of the deceased.  
A number of the friends of the deceased from Mr. Vernon came down to the city to attend the funeral. In the party were Mayor and Mrs. Charles Mitchell, Mr. and Mrs. S. H. Peterman, Mrs. Emma F. Armstrong, Mrs. F. D. Sturgess and Miss Lila Pyle.  
"When a man wishes he were dead," says the Cynical Bachelor, "it's a sign that he either wishes he was married or is."

### CONFERENCE WILL MEET WEDNESDAY

(Zanesville Courier.)

The ninety-ninth annual session of the Ohio conference of the Methodist Episcopal church will open in Logan Wednesday and is expected to continue until the following Monday. Bishop David H. Moore, who was pastor of the Second Street church in 1861, but who has since become famous through his labors in China, will preside. Bishop Moore will celebrate the fiftieth anniversary of his ordination to the ministry.

Rev. Dr. A. H. Norcross, the district superintendent, has given general satisfaction, and his return is unanimously desired. The conference includes six districts, as follows: Chillicothe, Columbus, Lancaster, Marietta, Portsmouth and Zanesville. The Zanesville district is composed of about 100 churches, the circuits and stations with their present incumbents and terms of office being as follows: Alexandria, W. H. McDaniel, four years; Asbury, J. A. Shiner, three years; Brownsville, R. G. Bowden, four years; Chatham, A. B. Davis, two years; Corning, H. K. Wishon, four years; Creton, D. J. ### EARLY DAYS IN LICKING COUNTY

Speaking of the early days in Licking county an old pioneer who was telling some remarkable hunting experiences, had occasion to mention the name of John Livingston, who was among the first pioneers of the county, and who was a noted hunter. The greater part of his time was spent in the pursuit of wild game. His success exceeded that of all others in the community and many tales are yet told of his wonderful exploits. This is one of them, related by the old pioneer.

"Once, while Livingston was returning from a hunting expedition, fatigued by excessive exertion, and walking slowly through the woods, a panther that had probably been crouching upon the limb of a tree, waiting for a victim, suddenly sprang upon his back, tearing off two hunting shirts and taking his back with terrible claws, on its way to the ground. The hunter turned instantly and fired without aim, but the attack had been so sudden and unexpected that he was greatly excited and missed. He now realized that he stood face to face with one of the most formidable and ferocious beasts of the forests, with an empty gun in his hand and no other weapon of defense. The panther was crouching for a spring, and remembering that wild beasts are sometimes held at bay when their eyes are caught by that of a human being, Livingston looked steadily at the panther and began reloading his gun. Keeping his head gone upon that of the panther, he emptied the contents of his powder horn into the gun, without thinking of what he was doing and dropped a bullet in without the usual patching and ramming. It was quickly done, and placing the muzzle within a foot of the panther's head, fired. The result was a bursted gun, a lacerated hand, and a panther's head blown to atoms. He now felt the effects of the scratches on his back, the loss of blood and the relaxation from terrible excitement, and it was with difficulty that he dragged himself to a neighboring cabin where he was cared for. It was a long time before he recov-

ered from the effects of this encounter. Livingston had many encounters with wild beasts in Licking county during his long life as a hunter, but this was probably the most terrible, and the one in which he came the nearest to losing his life.

### MARSHALL SCORED

(Continued from Page 1.)

sory arbitration bill, and did so because its passage was protested against by the legislative representatives of organized labor in the lobby.

It also developed last night that Governor Harmon presented this fact to the special committee representing the Labor Union Congress of this city when it called upon him week before last to request him to issue an open and not private demand upon the street railway company to submit its pending differences to arbitration. At least two of the representatives spoke against the enactment of such a law. One was G. W. Savage of the United Mine Workers of Ohio, who voiced the compulsory arbitration meant "industrial slavery," a thing that organized labor had been fighting and would continue to fight.

This meeting is rendered memorable from the fact that it was upon the night while it was being held that a street car was blown up with nitroglycerin and a number of persons severely injured.

It is therefore to be seen that Mayor Marshall does not represent the spirit of organized labor in his demand for the enactment of this law, and that he is not as well informed as Governor Harmon. It must not be inferred from Governor Harmon's reply to the mayor that the matter is not being given consideration. The expression, if it means anything, is an impatient utterance, aimed at one who has been largely responsible for the disorder and the waste of hundreds of thousands of dollars, and who is seeking to further irritate an exasperated public official.

It is practically certain that in his message to the new general assembly which will sit in 90 days, the governor will draw the special attention of that body to the question of arbitration in so far as the rights of the people are involved. To summon a special session at this time would inevitably throw the question into politics, especially because the legislature is Republican in both branches. Nor could he, as Mayor Marshall suggests, restrict the body to one subject. Once in session, the general assembly is sovereign, and may discuss any and all pertinent matters.

Last night former Representative Eugene T. Guerin of Erie county, now director of public safety in Sandusky, arrived in this city. Mr. Guerin, when the municipal code of 1902 was enacted, fathered the compulsory arbitration section and succeeded, after it was defeated in committee, in having it incorporated in the bill as it left the house. Senator Hanna and other powerful politicians used their influence against it and it was thrown out by the committee of conference.

Mr. Guerin declared that it was a chimerical dream to enact such a law as the mayor demanded, for the reason that it would be unconstitutional.

The law he favored in 1902 provided that arbitration should be made a part of the franchise when granted and should apply to all corporations. This made it a contract which the courts could enforce. It would now be idle to attempt to impose compulsory arbitration upon the local companies, which has a long-time franchise constituting a contract that cannot be changed or modified without the consent of both parties.

Unfortunately there are more fools who talk for the sake of talking than there are wise men who keep silent for the sake of silence.

## MONEY NOT PAID SERVICE DIRECTOR TAYLOR FOR THE PUMP SOLD BY CRAWMER

### Mayor Ankele Dismisses M. M. Taylor From Service After Hearing the Case for Alleged Neglect of Duty and Incompetency.

Service Director Taylor is dismissed by the Mayor for his failure to collect the money for an old pump at the electric light plant that was sold by A. E. Crawmer, the superintendent at the plant. But Crawmer, who sold the pump and failed to collect the money, as it was his duty and obligation to do, is not dismissed the service of the city. The case against Taylor was prosecuted by a prominent attorney employed by Crawmer, and the man who filed the charges did it clearly in Crawmer's interest.

#### The Investigation.

Although W. N. Cairns, in his charges against Service Director M. M. Taylor, asked the mayor to take steps that would protect the citizens against further alleged deceptions of this official, nothing was proven in the hearing held Monday afternoon that would warrant such a charge. Mr. Cairns intimated that Taylor received the sum of \$35 for a pump and failed to make an accounting of the matter, but the testimony showed that the money was never received by Mr. Taylor, who left the matter of collection in the hands of A. E. Crawmer, who conducted negotiations for the sale of the pump.

When the hearing was commenced, besides a goodly gathering of spectators, Mr. Cairns, his witnesses, and his attorney, Link C. Russell, and Mr. Taylor and his attorneys, J. R. Fitzgibbon and C. W. Miller, were present. Mr. Fitzgibbon argued that the case should be heard by the city council, as provided in the Ohio statutes, claiming that the revision of the law did not affect a case of this sort. Mr. Russell promptly followed the revision of the statutes, made it possible for the mayor to hear such a case as that pending before him, and that council had nothing to do with the matter.

The mayor decided that since the committee appointed by council, and consisting of Messrs. Elsner, Orr and Vogelmeier, was present, he would hear the case. For the prosecution, Amos E. Crawmer was first put on the stand. He testified that in July 1908, he was superintendent of the electric light plant and that he talked with Mr. Taylor relative to the sale of the pump to Mr. Shaler. The pump was sold for \$35 and he (Mr. Crawmer) crated and shipped the pump to the address given by Mr. Shaler that afternoon. He said he had forgotten the address. He also said that the pump had been laid aside as useless to the city. He denied that Mr. Taylor had ever asked him if he had received the money for the pump.

Mr. Cairns, the man who brought the charges against Mr. Taylor, and a close friend of Mr. Crawmer, stated that he lived at the Crawmer home, and that he heard over a year ago about the pump transaction. When questioned he said Mr. Crawmer had told him about it.

He admitted that the matter had only been thought of seriously by him since the exposing of the Crawmer incident at the municipal electric light plant a few weeks ago, that caused the city to be in darkness some two weeks.

He said that he made the investigation that resulted in him filing the charges against Mr. Taylor during his vacation this year. When asked by Mr. Fitzgibbon why he didn't make his investigation a year ago or two years ago during his vacation, he said he didn't remember.

He was shown the cash book of the Board of Public Service and said that he had failed to find any entry concerning a pump transaction, but he said he was a bookkeeper, and would have found such an entry had one existed. Later he admitted, under close questioning, that the cash book would only show receipts and expenditures, and if the money had never been received it would not appear in the book. The prosecution rested its case, and Mr. Taylor then came in for his innings.

Mr. Taylor, when questioned, said that he was at his office that July day when Mr. Crawmer telephoned him and said that he had an opportunity to sell the pump for \$35. The witness said that he turned to Mr. Pitzer, who was at that time a member of the Board of Public Service, and telling him of the matter, received Mr. Pitzer's advice to sell the old pump. He said that Mr. Crawmer made the deal and that afternoon he went to the plant and Mr. Crawmer said he had crated and shipped it, although he hadn't gotten the pay for it. However, he said, the man came to Newark every two or three months and he (Crawmer) would get the money.

Mr. Taylor stated further that he had asked Mr. Crawmer for the money at different times and that he always replied that he had never received the money. He also stated that the pump was an old one and had never been in use during the time he was in office, which was from January 1906. On cross examination the pump and that nothing was said about the financial end except to tell Crawmer to sell it for \$35. When man who bought the pump would

questioned, he said Crawmer said he had the money.

The witness said that since that time nothing had been said about the money.

A R. Pitzer was then called to the stand and he stated that Crawmer had phoned that he could sell the pump for \$35 and he advised the sale. Some time afterwards, Mr. Taylor said the money for the pump had never been received and said he guessed he would see Crawmer about the money. As far as he knew, the money had never been paid, said Mr. Pitzer.

J. S. Kuster, late superintendent of the water and light plants of the city, was next called. Mr. Kuster testified that some time ago a pump at the electric light plant was not working properly and he wanted a new one, but Mr. Taylor said that he had never been paid for the one sold by Mr. Crawmer.

After his testimony was given, both sides rested their case and the mayor stated he would give his decision at 10 o'clock this morning. At that time Mr. Russell and his client were present and Mr. Taylor and Mr. Miller came in later, but owing to the fact that Mr. Fitzgibbon was busy in the court room, the mayor said he would postpone his decision until 2 o'clock.

#### Mayor's Decision.

At 2 o'clock this afternoon Mayor Ankele rendered his decision, which is as follows:

Regarding the charges filed against Mr. M. M. Taylor, Director of Public Service, in which it is said that the said M. M. Taylor sold a pump and had not accounted for payment of same, which was the property of the city.

The testimony does not show that said pump was ever paid for. It shows, however that Mr. Tay-
